

URMPM: the experts in patient safety

“International Educational Seminar on Risk and Emergency Management for Healthcare”

London, 2012

Date: Wednesday 2nd – Friday 4th May, 2012
Location: Brunei Gallery, SOAS, Thornhaugh Street, Russell Square, London WC1H 0XG
Register: To register and for further information visit www.eventsforce.net/urmpm

Overview:

Patient safety is **the** top priority for the NHS and driven by an ambition to ensure no avoidable death and no avoidable harm to patients. This event has been created to encourage leaders to focus on improving the safety culture in their organisation, empower clinicians with patient safety knowledge and enable changes in behaviour by spreading best practice.

No one involved in patient safety can afford not to attend this three day seminar which has attracted many of the best and most knowledgeable speakers on the subject. It is expected to sell out so make sure you book your place early.

Programme:

Day 1, Wednesday 2nd May. Topic: Safety culture and risk governance in healthcare

- **Patient safety: evolution and progress:** Charles Vincent, Professor Clinical Safety Research, Imperial College London
- **Clinical governance and patient safety:** Aidan Halligan Professor and Director of Education, Education Centre, University College London Hospital and Chief of Safety, Brighton and Sussex University Hospitals, UK
- **Risk management in hospital:** Sir Brian Jarman Emeritus Professor, Imperial College London and Former President of British Medical Association

Day 2 , Thursday 3rd May. Topic: Technology and art for patient safety

- **How do clinical teams create and maintain team situation awareness? Why does this matter?:** Della Freeth Professor of Centre for Medical Education, Barts and The London School of Medicine and Dentistry, Queen Mary University of London
- **Human error: Models and management:** James Reason, Emeritus Professor, University of Manchester, Manchester
- **Medication safety, technology and standardisation:** Bryony Dean Franklin Professor, Imperial College NHS Trust and The School of Pharmacy, University of London
