

Summery report of Costa Rica Conference

Ryoji Sakai URMPM Chair

URMPM Special Conference in Latin

Main Thesis Health Strategy and Decision Science
Place: The University of Costa Rica, Investigation City
Period August 25-27, 2004
URL: <http://www.jsrmpm.org/CRConf2004/index.html>

- 1) This Conference was successfully terminated with Rector, vice Rector, Directors in the University of Costa Rica, Health Minister of Costa Rica Government, Presidents and Directors in national institutes of Costa Rica, and the oversea participants, under very excellent organization and enormous efforts of our respectful Shirley V. V. Chaves. Those clear evidences approved her new appointment as URMPM Coordinator.
- 2) Prof. Ilyin in Russian Academy of Science was elected as a president of Russian Society and he agreed to develop it with his many Russian colleagues.
- 3) Time serial and program-oriented symposium, workshop, forum and conference are generated as shown in the below.
(Basic theory) Chaired by Profs. Ryoji Sakai and Stephan Morgenthaler,
Swiss Federal Institute of Technology
(Risk Informatics) Chaired by Prof. V. Shakin, Russian Academy of Science
(Nutritional risk management) Chaired by Prof. Leda Munoz, Univer5isty of Costa Rica
(Accident prevention) Chaired by Prof. Banwari Meel, University of South Africa
(Occupational health) Chaired by Dr. Kvetoslava Rimarova, Slavakia
(Infection prevention) Chaired by Prof. Lazhar Zourgui, University of Gafsa, Tunisia
- 4) URMPM financial Committee was proposed generated by Profs. Banwari Meel (South Africa), Lazhar Zourgui (Tunisia), etc. Secretary in General was changed to Prof. Meel, one of vice-Presidents of URMPM.
- 5) All regional societies are closed to avoid the double or triple charges of membership fees. Thus, all members can enjoy only 1 world society (URMPM) as international society. Four presidents of those regional societies move to URMPM vice-presidents, and their offices play as the URMPM regional centers.
- 6) The 1st African Congress was changed to be held on March, 2006 in the University of Gafsa, Tunis.
- 7) The 2nd American Conference will be held in Canada for the year of 2005 or 2006.
- 8) Channel 13 in Costa Rica broadcast owner agreed to collaboration to develop preventive health program jointly with the URMPM.

9) Latin Center of Risk Management for Preventive Medicine was scheduled to be established in Costa Rica with cooperation of Costa Rica Government, Pan American Health Organization, the University of Costa Rica, etc.
