

URMPM Newsletter 2004 June 28

Dear all,

I want to inform all my colleagues that I now operate from Karita Research with a new e-mail address ( [kjell.andersson@karita.se](mailto:kjell.andersson@karita.se) ) and a new web site: [www.karita.se](http://www.karita.se) where you find information on my projects and my intentions.

Please also have a look at the web site for the VALDOC Group [www.valdoc.org](http://www.valdoc.org) - a "lobby group for awareness and transparency" in societal decision making. We have a democratic and communicative mindset, a theoretical foundation and a practical approach.

With my best regards,

Kjell Andersson

President of Atlantic Society of Risk Management for Preventive Medicine

President of Karita Research
